

Sion Mills Primary School

# **PASTORAL CARE**

## **CHILD PROTECTION POLICY**

*Date ratified by Board of Governors: 22<sup>nd</sup> February 2016*

## **1. CHILD PROTECTION ETHOS**

We in Sion Mills Primary School have a responsibility for the Pastoral Care, general welfare and safety of the children in our care and we will carry out this duty by providing a caring, supportive and safe environment, where each child is valued for his or her unique talents and abilities, and in which all our young people can learn and develop to their full potential. All staff, teaching and non-teaching, should be alert to the signs of possible abuse and should know the procedures to be followed. This Policy sets out guidance on the action, which is required where abuse or neglect of a child is suspected and outlines referral procedures within our school

## **2. PRINCIPLES**

The general principles, which underpin our work, are those set out in the UN Convention on the Rights of the Child and are enshrined in the Children (Northern Ireland) Order 1995, the Department of Education (Northern Ireland) guidance "Pastoral Care in Schools - Child Protection" (DENI Circular 99/10) and the Area Child Protection Committees' Regional Policy and Procedures (2005).

The following principles form the basis of our Child Protection Policy.

- It is a child's right to feel safe at all times, to be heard, listened to and taken seriously.
- We have a pastoral responsibility towards the children in our care and should take all reasonable steps to ensure their welfare is safeguarded and their safety is preserved.
- In any incident the child's welfare must be paramount; this overrides all other considerations.
- A proper balance must be struck between protecting children and respecting the rights and needs of parents and families; but where there is conflict the child's interest must always come first.

## **3. OTHER RELEVANT POLICIES**

The school has a duty to ensure that safeguarding permeates all activities and functions. This policy therefore complements and supports a range of other school policies including:

- Behaviour Management & Discipline Policy
- Anti-Bullying Policy
- Use of Reasonable Force/Safe Handling

- Special Educational Needs
- Educational Visits
- First Aid and the Administration of Medicines
- Health and Safety Policy
- Relationships and Sexuality Policy
- ICT and access to the internet
- Intimate Care
- Use of Mobile Phones/Cameras
- E-Safety Policy

These policies are available to parents and any parent wishing a copy should contact the School Principal or visit the school website at:  
[www.school-sites.org/sionmillsp](http://www.school-sites.org/sionmillsp)

## 4. ROLES AND RESPONSIBILITIES

### 4.1 The School Safeguarding Team

The following are members of the school's Safeguarding team

- Chair of the Board of Governors (Mr H Friar)
- Designated Governor for Child Protection (Mr P Miller)
- Principal (Mrs O McNelis)
- Designated Teacher (Mrs W Kee)
- Deputy Designated Teacher (Mrs O McNelis & Mrs Ann Maguire)

The roles and responsibilities of members of the Safeguarding team are summarised in Appendix 1.

### 4.2 The Board of Governors

The Board of Governors as a body must ensure that the school fulfils its safeguarding responsibilities in keeping with current legislation and DE guidance including:

- approving the schools child protection policy at least once every 2 years and all other safeguarding policies every 2/3 years.
- receiving termly child protection reports.
- ensuring there is a staff code of conduct for all adults working in the school
- attendance at relevant child protection/safeguarding training for Governors

### 4.3 School Staff

Teachers, Classroom Assistants and other Support staff in school see children on a daily basis over long periods and can notice physical, behavioural and emotional indicators and a child may choose to disclose to them allegations of abuse.

Members of staff **must** refer concerns or disclosures to the Designated/Deputy Teacher for Child Protection/Principal. In addition class teachers should also keep the Designated Teacher informed in writing or verbally about poor attendance and punctuality, poor presentation, changed or unusual behaviour including self-harm and suicidal thoughts, deterioration in educational progress, discussions with parents about concerns relating to their child, concerns about pupil abuse or serious bullying and concerns about home circumstances including disclosures of domestic abuse. A pro-forma for reporting a concern or disclosure is included at appendix 4

If a member of staff does not feel their concerns are being taken seriously or action to safeguard the child is not being taken by professionals and the child is considered to be at risk of continuing harm then they should speak to the Designated Teacher for Child Protection, Principal, Education Authority Designated Officer for Child Protection or to Social Services.

#### 4.4 Parents

Parents can play their part in safeguarding by:

- telephoning the school on the morning of their child's absence, or sending in a note on the child's return to school, so as the school is reassured as to the child's well-being;
- making requests to the school in advance for permission to allow their child to attend medical or other appointment including providing details of any arrangements for the collection of the child
- informing the school whenever anyone, other than themselves, intends to pick up the child after school;
- familiarising themselves with the schools safeguarding policies e.g. Anti Bullying, Positive Behaviour, Internet and Child Protection Policies;
- reporting to the school office when they visit the school
- sharing any concerns they may have in relation to their child with the school.

#### 5. Definition of Child Abuse

*“Child abuse occurs when a child is neglected, harmed or not provided with proper care. Children may be abused in many settings, by those known to them, or more rarely, by a stranger. There are different types of abuse and a child may suffer more than one of them”.* Area Child Protection Committees' Regional Child Protection Policy and Procedures 2005).

The procedures outlined in this document are intended to safeguard children who are at risk of significant harm because of abuse or neglect by a parent, carer or other with a duty of care towards a child. The main types of abuse as well as their physical and behavioural indicators are included in **appendix 3**.

#### 6. Dealing with Disclosures of Abuse

The following are guidelines for use by staff should a child disclose concerns of a child protection nature.

**Receive** – listen to what the child says, without displaying shock or disbelief. Accept what is said, making brief cursory notes. These notes should be retained.

**Reassure-** ensure the child is reassured that he/she will be safe and his/her interests will come first. **No promise of confidentiality can or should be made to a child or anyone else giving information about possible abuse.**

**Respond-** respond to the child only as far as is necessary for you to establish whether or not you need to refer the matter. Use open questions e.g. anything else to tell me? Do not interrogate or ask leading questions- this may invalidate your evidence and the child's in any later court proceedings. Do not criticise the

perpetrator- the child may love this person and reconciliation may be possible.  
Explain what you have to do next and to whom you have to talk.

**Record-** make notes at the time and write these up as soon as possible afterwards. Note the time, date, place, people present as well as what *is seen and* said. Record key phrases/words used, noticeable non-verbal behaviour and any physical injuries. Under no circumstances should a child be photographed or a child's clothing removed. Do not destroy original notes.

**Report-** refer the matter to the Designated Teacher. Respect confidentiality i.e. the matter should only be discussed on a need to know basis.

## **7. PROCEDURES FOR MAKING COMPLAINTS IN RELATION TO CHILD ABUSE**

### **7.1 How a Parent can Make a Complaint**

At [Sion Mills Primary School](#) we aim to work closely with the parents/guardians in supporting all aspects of the child's development and well-being. Any concerns a parent may have will be taken seriously and dealt with in a professional manner. If a parent has a concern they can talk to the class teacher or the Principal/Designated teacher for child protection. If they are still concerned they may talk to the Chair of the Board of Governors. At any time a parent may talk to a social worker in the local Gateway team or to the PSNI Public Protection Unit. Details of who to contact are shown in the **flowchart in Appendix 2**.

### **7.2 Where the school has concerns or has been given information about possible abuse by someone other than a member of the school staff**

Where staff become aware of concerns or are approached by a child they should not investigate – this is a matter for the Social Services – but should report these concerns immediately to the designated teacher, discuss the matter with her and make full notes. These notes or records should be:

- factual
- objective in nature
- include what was seen, said, heard or reported
- the place and time of who was present
- should be given to the designated teacher
- the person who reports the incident must treat the matter in confidence.

The designated teacher may need to seek discreet preliminary clarification from the person making the complaint or giving the information or from others who may have relevant information. The designated teacher may also consult with the Education Authority Western Region's designated officer for child protection or Social Services (Gateway Team) before a referral is made. No decision to refer a case to Social Services will be made without the fullest consideration and on appropriate advice.

The consent of the parent/carers and/or the young person (if they are competent to give this) will normally be sought prior to making a referral to Social Services. The exception to this is where to seek such consent would put that child, young person or others at increased risk of significant harm or an adult at risk of serious harm, or it would undermine the prevention, detection or prosecution of a serious crime including where seeking consent might lead to interference with any potential investigation.

Where consent of the parent/carers and/or the young person is sought to make a referral to Social Services we will explain at the outset, openly and honestly, what and how information will, or could be shared and why, and seek their agreement to making the referral. In circumstances where the consent of the parent/carer and/or the young person is withheld we will consider and where possible respect their wishes. However our primary consideration must be the safety and welfare of the child and we will make a referral in cases where consent is withheld if we believe on

the basis of the information available that it is in the best interests of the child/young person to do so.

Where there are concerns about possible abuse and a referral needs to be made the designated teacher will telephone the Western Health & Social Services Gateway Team. She will also notify the Education Authority Western Region's designated officer for child protection. A UNOCINI (Understanding the Needs of Children in Northern Ireland) referral form will also be completed and forwarded to the Gateway team with a copy sent to the EA,WR designated officer for child protection.

**This procedure with names and contact numbers is shown in Appendix 3.**

The following are guidelines for use by staff should a child disclose concerns of a child protection nature.

<b>Do's</b>	<b>Don'ts</b>
Do listen to what the child says.	Don't ask leading questions.
Do assure the child they are not at fault.	Don't put words into the child's mouth.
Do explain to the child that you cannot keep it a secret.	Don't ignore the child's behaviour.
Do <b>document exactly</b> what the child says, using his/her exact words.	Don't remove any clothing.
Do remember not to promise the child confidentiality.	

**7.3 Where a complaint has been made about possible abuse by a member of the school's staff**

If a complaint about possible child abuse is made against a member of staff, the Principal/Designated teacher (or the deputy designated teacher if she is not available) must be informed immediately. The above procedures will apply (unless the complaint is about the Principal/Designated teacher)

If a complaint is made against the Principal/Designated teacher the Chairperson of The Board of Governors will be informed and he/she will ensure that necessary action is taken.

Where the matter is referred to the Social Services the member of staff may be removed from duties involving direct contact with pupils (and may be suspended from duty as a precautionary measure pending investigation by the appropriate

authorities). The Chairman of the Board of Governors will also be informed immediately.

Where an allegation is made against a member of staff and is pursued either as a formal referral or under the agreed disciplinary procedures for teacher's, a detailed record of the complaint, signed by the Principal, will be retained on the child's file and the file of the member of staff concerned. An entry will also be made in the school's Record of Child Abuse Complaints.

If, at the end of a subsequent investigation by one of the investigating agencies, the member of staff concerned is totally exonerated, the record on the file of the member of staff concerned shall be expunged, and the entry in the school's Record of Child Abuse Complaints deleted or struck through.

However where disciplinary investigation or action is undertaken in the context of child protection, all details relating to the complaint and disciplinary sanction shall be maintained on the teachers file for a period of 5 years. The record on the child's file should be noted accordingly, and should be maintained indefinitely in case there should be subsequent complaints. In all other cases, the record on both the child's file and the staff member's file should be maintained indefinitely

The school's record of Child Abuse complaints will be made available to the Board of Governors/Management Committee at least annually.

This procedure with names and contact numbers is shown in **Appendix 4**.

#### **7.4 Where a complaint has been made about possible abuse by a volunteer**

Any complaint about the conduct of a person working in the school in a voluntary capacity should be treated in the same manner as complaints against a person who is on the school's staff, and the above procedures followed. If the Principal has any concern that a child may be at risk, the services of the volunteer should be terminated immediately.

### **8. ATTENDANCE AT CHILD PROTECTION CASE CONFERENCES AND CORE GROUP MEETINGS**

The Designated Teacher/Deputy Designated Teacher or Principal may be invited to attend an Initial and/or Review Child Protection Case Conference or Core Group meeting convened by the Western Health & Social Care Trust and where possible a school representative will be in attendance. A written report will be provided for these meetings and will be compiled after discussion with relevant staff. Feedback will be given to staff under the 'need to know' principle on a case-by-case basis. Children whose names are on the Child Protection Register will be monitored in line with what has been agreed in each child's protection plan;

### **9. CONFIDENTIALITY AND INFORMATION SHARING**

Information given to members of staff about possible child abuse cannot be held “in confidence”. In the interests of the child, staff have a responsibility to share relevant information about the protection of children with other professionals particularly the investigative agencies and where physical or sexual abuse is suspected, a legal duty to report this. However, only those who need to know will be told.

## **10. RECORD KEEPING**

All child protection records, information and confidential notes are kept in separate files in a locked drawer. These records are kept separate from any other file that is held on the child or young person.

If a complaint about possible child abuse is received by the school and is not referred to Social Services – or if it is referred and Social Services do not place the child’s name on the Child Protection Register – a record on the child’s file will be permanently preserved and a confidential copy will be sent to any school to which the child subsequently transfers.

If the Social Services inform the school that a child’s name has been placed on the Child Protection Register, a record of this fact and associated documentation from the Social Services will be maintained on the child’s file while he or she continues to attend our school.

When the child’s name is removed from the Child Protection Register then all Social Services records will be destroyed and only the school records retained for permanent preservation. Should a child transfer to another school whilst their name is on the Child Protection Register then we will inform the receiving school that his/her name is on the Register and the name of the child’s Social Worker will be forwarded as well. All Social Services records held by us in relation to the child will then be destroyed. The schools own child protection records in relation to the child will be held in secure and confidential storage for permanent preservation.

## **Appendix 5(a) and 5(b) – Examples of Record-keeping Proformas**

## **11. VETTING PROCEDURES**

All staff including volunteers who are appointed to positions in the School are vetted in accordance with relevant legislation and Departmental guidance.

## **12. CODE OF CONDUCT FOR ALL STAFF PAID OR UNPAID**

All actions concerning children and young people must uphold the best interests of the young person as a primary consideration. Staff must always be mindful of the fact that they hold a position of trust, and that their behaviour towards the child and young people in their charge must be above reproach. The school has a code of conduct for staff which is intended to assist staff in respect of the complex issue of

child abuse, by drawing attention to the areas of risk for staff and by offering guidance on prudent conduct. It is not intended to detract from the enriching experiences children and young people gain from positive interaction with staff within the education sector.

**The school's code of conduct is included as Appendix 2.**

### **13. STAFF TRAINING**

Sion Mills Primary School is committed to in-service training for its entire staff. Each member of staff will receive general training on Policy and procedures with some members of staff receiving more specialist training in line with their role and responsibilities. All staff will receive basic child protection awareness training and annual refresher training. The Principal/Designated Teacher; Deputy Designated Teacher, Chair of the Board of Governors and Designated Governor for Child Protection will also attend relevant child protection training courses.

When new staff or volunteers start at the school they are briefed on the school Child Protection Policy and code of conduct and given a copy of the policy which includes what to do if you are worried that a child is being abused.

### **14. THE PREVENTATIVE CURRICULUM**

In the classroom, regular Circle Time sessions are used as a means of encouraging children to raise social and emotional concerns in a safe environment and to build self confidence, respect and sensitivity among classmates.

Throughout the school year child protection issues are addressed through class assemblies and there is **a permanent child protection notice board in the main corridor and relevant information in each resource area**, which provides advice and displays child helpline numbers. A flow diagram of how a parent may make a complaint is also on display. An enlarged flow diagram for a teacher allegation is in the school staff room.

### **15. MONITORING AND EVALUATION**

Sion Mills Primary School will update this Policy and procedures in the light of any further guidance and legislation as necessary and review it annually.

On-going evaluation will ensure the effectiveness of the Policy.

## Appendix 2.

### Code of Conduct for Staff & Volunteers

#### Introduction

This Code of Conduct is intended to assist staff in respect of the complex issue of child abuse, by drawing attention to the areas of risk for staff and by offering guidance on prudent conduct. It is built on the premise that staff must always be mindful of the fact that they hold a position of trust, and that their behaviour towards the children and young people in their charge must be above reproach. However, it is not intended to detract from the enriching experiences children and young people gain from positive interaction with staff.

#### Code of Conduct

##### 9.1 Private meetings with pupils.

- a. Staff should be aware of the possible misconceptions or potential risks which may arise from private interviews with individual pupils. It is recognised that in the normal course of school life there will be occasions when confidential interviews must take place. As far as possible, staff should conduct such interviews in a room with visual access, or with the door open.
- b. Where such conditions cannot apply, staff are advised to ensure that another adult knows that the interview is taking place. While it may be appropriate to use a sign indicating that the room is in use it is not advisable to use signs prohibiting entry to the room.
- c. If a member of staff has concerns that a private interview with a pupil may be misinterpreted or may give rise to concern he or she should ensure that another adult (or if this is not possible another pupil) is present or near by.
- d. Staff should be mindful of the potential risks involved in the use of social networking sites accessed by pupils.

##### 9.2 Physical contact with pupils.

- a. As a general principle, staff are advised not to make unnecessary physical contact with their pupils.
- b. It is unrealistic and unnecessary, however, to suggest that staff should touch pupils only in emergencies. In particular, a distressed child, especially a younger child, may need reassurance involving physical comforting, as a caring parent would provide. Staff should not feel inhibited from providing this.
- c. Staff should never touch a child who has clearly indicated that he/she is, or would be, uncomfortable with such contact, unless it is necessary to protect the child, others or property from harm.
- d. Physical punishment is illegal, as is any form of physical response to misbehaviour, unless it is by way of necessary restraint.
- e. Staff who need to administer first-aid to a pupil should ensure wherever possible that this is done in the presence of other children or another adult. However, no member of staff should hesitate to provide first-aid in an emergency simply because another person is not present.

- f. Any physical contact which would be likely to be misinterpreted by the pupil, parent or other casual observer should be avoided.
- g. Following any incident where a member of staff feels that his/her actions have been, or may be, misconstrued, a written report of the incident should be submitted immediately to the Vice-Principal (Pastoral).
- h. Staff should be particularly careful when supervising pupils in a residential setting, or in approved out of school activities, where more informal relationships tend to be usual and where staff may be in proximity to pupils in circumstances very different from the normal school/work environment.

### **9.3 Choice and Use of Teaching Material**

- a. Teachers should avoid teaching materials, the choice of which might be misinterpreted and reflect upon the motives for the choice.
- b. When using teaching materials of a sensitive nature a teacher should be aware of the danger that their application, either by pupils or by the teacher, might after the event be criticised.
- c. If in doubt about the appropriateness of a particular teaching material, the teacher should consult with the Principal before using it.

### **9.4 Relationships and Attitudes**

Staff should ensure that their relationships with pupils are appropriate to the age, maturity and sex of the pupils, taking care that their conduct does not give rise to comment or speculation. Attitudes, demeanour and language all require care and thought, particularly when staff are dealing with adolescent boys and girls.

### **9.5 E-Safety and Internet Use**

- a. Staff must exercise caution when using information technology and be aware of the risks to themselves and others. Regard should be given to the schools' E-Safety and ICT Acceptable Use Policy at all times.
- b. Staff must not engage in inappropriate use of social network sites which may bring themselves, the school, school community or employer into disrepute. Staff should ensure that they adopt suitably high security settings on any personal profiles they may have.
- c. Staff should exercise caution in their use of all social media or any other web based presence that they may have, including written content, videos or photographs, and views expressed either directly or by 'liking' certain pages or posts established by others.
- d. Contact with students should only made via the use of school email accounts or telephone equipment when appropriate.
- e. Photographs/stills or video footage of students should only be taken using school equipment, for purposes authorised by the school. Any such use should always be transparent and only occur where parental consent has been given. The resultant files from such recording or taking of photographs must be stored in accordance with the schools procedures on school equipment.

### **Conclusion**

It would be impossible and inappropriate to lay down hard and fast rules to cover all the circumstances in which staff interrelate with children and young people, or

where opportunities for their conduct to be misconstrued might occur. It is therefore important that staff exercise judgement and seek advice if unsure about a situation. From time to time, it is prudent for all staff to reappraise their teaching styles, relationships with children/young people and their manner and approach to individual children/young people, to ensure that they give no grounds for doubt about their intentions.

## Appendix 3

**Neglect** is the persistent failure to meet a child's physical, emotional and/or psychological needs, likely to result in significant harm. It may involve a parent or carer failing to provide adequate food, shelter and clothing, failing to protect a child from physical harm or danger, failing to ensure access to appropriate medical care or treatment, lack of stimulation or lack of supervision. It may also include non-organic failure to thrive (faltering growth).

**Emotional Abuse** is the persistent emotional ill-treatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to a child that he is worthless or unloved, inadequate, or valued only insofar as he meets the needs of the other person. It may involve causing a child to frequently feel frightened or in danger, or the exploitation or corruption of a child. Some level of emotional abuse is involved in all types of ill-treatment of a child, though it may occur alone. Domestic violence, adult mental health problems and parental substance misuse may expose a child to emotional abuse.

<b>Physical Indicators</b>	<b>Behavioural Indicators</b>
Well below average in height and weight; “failing to thrive”; poor hair and skin; alopecia; swollen extremities i.e. icy cold and swollen hands and feet; recurrent diarrhoea, wetting and soiling; sudden speech disorders; signs of self mutilation; signs of solvent abuse (e.g. mouth sores, smell of glue, drowsiness); extremes of physical, mental and emotional development (e.g. anorexia, vomiting, stooping).	Apathy and dejection; inappropriate emotional responses to painful situations; rocking/head banging; inability to play; indifference to separation from family indiscriminate attachment; reluctance for parental liaison; fear of new situation; chronic runaway; attention seeking/needing behaviour; poor peer relationships.

**Sexual Abuse** involves forcing or enticing a child to take part in sexual activities. The activities may involve physical contact, including penetrative or non-penetrative acts. They may include non-contact activities, such as involving children in looking at, or in the production of, pornographic material or watching sexual activities, or encouraging children to behave in sexually inappropriate way.

<b>Physical Indicators</b>	<b>Behavioural Indicators</b>

**A child may suffer or be at risk of suffering from one or more types of abuse and abuse may take place on a single occasion or may occur repeatedly over time.**

**Child Abuse in Other Specific Circumstances**

**Bullying**

Bullying is not defined as a category of abuse within the Area Child Protection Committees’ Regional Policy and Procedures (2005). The policy does however state that the damage inflicted by bullying can frequently be underestimated. It can cause considerable distress to children and at the extreme cause them significant harm (including self harm).

The procedure for referral and investigation of abuse may therefore be implemented in certain circumstances such as when anti-bullying procedures have failed to be effective; bullying is persistent and severe, resulting in the victim suffering/likely to

suffer significant harm; there are concerns that the bullying behaviour is indicative of the bully suffering/likely to suffer significant harm or where concerns exist in relation to the parents/carer's capacity to meet the needs of the child (either victim or bully).

### **Children Who Sexually Abuse Others or Display Sexually Harmful Behaviour**

When abuse of a child is alleged to have been carried out by another child, the procedures outlined in **section 7** of this policy will be followed. It is important in such situations to distinguish between behaviours which are experimental in nature and those that are exploitative and harmful. Advice and support will be sought in such circumstances from the Education Authority's Designated Officer for Child Protection and where appropriate a referral made to the statutory agencies. In all such cases a risk assessment will be undertaken and an individual support and safety plan identified. Appropriate services will also be provided for the children involved.

### **Child Sexual Exploitation**

**“Child sexual exploitation is a form of sexual abuse in which a person(s) exploits, coerces and/or manipulates a child or young person into engaging in some form of sexual activity in return for something the child needs or desires and/or for the gain of the person(s) perpetrating or facilitating the abuse.”**

(SBNi 2014, adopted from CSE Knowledge Transfer Partnership NI).

The key factor that distinguishes cases of CSE from other forms of child sexual abuse is the concept of exchange – the fact that someone coerces or manipulates a child into engaging in sexual activity **in return for something** they need or desire and/or for the gain of those perpetrating or facilitating the abuse. The something received by the child or young person can include both tangible items and/or more intangible 'rewards' OR 'benefits' such as perceived affection, protection or a sense of value or belonging.

Any child under the age of eighteen, male or female, can be a victim of CSE, including those who can legally consent to have sex. The abuse most frequently impacts upon those of a post-primary age and can be perpetrated by adults or peers, on an individual or group basis.

The potential indicators of CSE can include, but are not limited to:

- Acquisition of money, clothes, mobile phone etc without plausible explanation;
- Leaving home/care without permission;
- Persistently going missing or returning late;
- Receiving lots of texts/phone calls prior to leaving;
- Agitated/stressed prior to leaving home/care;
- Returning distraught/ dishevelled or under the influence of substances;
- Requesting the morning after pill upon return;
- Truanting from school;
- Inappropriate sexualised behaviour for age;

- Physical symptoms or infections e.g. bruising, bite marks, sexually transmitted infections;
- Concerning use of the internet;
- Entering or leaving cars driven by unknown adults or by taxis;
- New peer groups;
- Significantly older 'boyfriend' or 'girlfriend';

Whilst these indicators can be usefully used to identify potential risk, it is important to note that their presence does not necessarily mean that CSE is occurring. More importantly, nor does their absence, mean that it is not.

When we become aware of young people below the age of consent engaging in sexual activity (Post-primary only) or, where we have concerns about a 16/17 year old in a sexual relationship the Designated Teacher has a duty to follow appropriate procedures and where necessary make a referral to Social Services.

### **Indecent Photographs**

The offence of taking indecent pictures of children under 18 years can apply in a situation where a pupil has taken an indecent picture using a mobile phone of others under 18 years of age. It is also an offence to distribute, possess with intent to distribute or show such photographs to others. In such circumstances the PSNI and Social Services will be contacted. The school also has an e-safety/ mobile phone and electronic devices (or similarly named policies) which has/have been circulated to parents and pupils and which is available from the school.

### **Young Person whose Behaviour places him/her at Risk of Significant Harm**

A child whose own behaviours e.g. self-harming behaviour, leaving school without permission etc. places him/her at risk of significant harm, may not necessarily constitute abuse as defined in Area Child Protection Committees' Regional Policy and Procedures (2005). The decision to initiate child protection procedures is a matter for professional judgement and each case will be considered individually with advice sought from the Education Authority's Designated Officer for Child Protection. The criminal aspects of such cases will be dealt with by the PSNI.

### **Domestic Abuse**

The definition of domestic abuse is:

*"threatening behaviour, violence or abuse (psychological, physical, verbal, sexual, financial or emotional) inflicted on one person by another where they are or have been intimate partners or family members, irrespective of gender or sexual orientation"*. DHSSPS / NIO Tackling Violence at Home, 2005, p10

A child may live in a family where there is domestic abuse or a young person may be in a relationship where they become the subject of domestic abuse. In high risk

cases involving domestic abuse Social Services and/or the Education Authority's Designated Officer for Child Protection will contact the school in order to help assess the child/young person's needs and to ensure that he/she is receives appropriate support.
